# **PRESIDENTS OFFICE SPEAKS**

---

Dear Members of the GR So Cal Chapter,

I hope your summer is going well in spite of the unusual heat we have experienced. I'm sure that all of us are looking forward to the cooler days in Fall.

Chapter members have been involved in a number of activities since our last meeting. We had a delightful summer picnic at the beachside home of Bob Freeman and a number of our members attended the national conventions of GRHS and AHSGR. We'll have reports on both of those conventions at the next chapter meeting on September 15.

Peter Goldade, one of our chapter members made presentations at the GRHS convention and we will have the privilege of his making that presentation to our chapter. His presentations drew a lot of interest and were well-attended. Peter has done extensive research on the files which reflect the mass atrocities inflicted by the Russian Revolution of 1917. He has authored four books and is in the process of writing a 5<sup>th</sup> book. His website provides extensive information about personal and family data and the ultimate fate of many people. I'm sure you will find Peter's presentation of great interest.

Our chapter has been asked to host the Heritage Fest in 2019. We will provide opportunity for chapter members to discuss planning for that event.

Enjoy the rest of your summer and we'll see you at the Phoenix Club on Saturday, September 15!

David Karber  
Co-President

# PRESENTATION

---

*Special Presentation by Peter Goldade*

## **“The Exploration of Repression Files”**

The Russian Revolution of 1917 ushered in an era of mass Atrocities inflicted on the population. The regime used intimidation, fear, arrests and executions to enforce their rule. Fortunately, the Communist Regime of the Soviet Union left a drove of records which describe these tumultuous times.

The Soviet Era Repression records disclose many aspects of the regime’s intention to control the population. The arrests were mostly based on fabricated accusations and the sentences were harsh. The Witness depositions show that the testimonies were much scripted. The records also provide invaluable information on personal and family data and the ultimate fate of many people. In addition to other information, they also show results of the Repatriation, dekulakization and Non-Exoneration actions.

Here are Michael Miller’s comments about Peter’s presentation at the GRHS national convention.

*“Peter Goldade, Fountain Valley, CA, a native of Selz, ND, presented, “Exploration of Repression Files.” The Russian Revolution of 1917 ushered in an era of mass atrocities inflicted on the population. Fortunately, the Communist Regime of the Soviet Union left a trove of records which describe these tumultuous times. The records also provide invaluable information on personal and family data and the ultimate fate of many people. Goldade has compiled the important book, [Our Relatives the Persecuted](#), available on the GRHS website.*

*Goldade has authored four family histories - [Goldade](#), Jundt, Migler and Sander. His Goldade, Jundt and Sander families have ancestral heritage to Selz, Kutschurgan District, today near Odessa, Ukraine. His published books are available on our website at <https://library.ndsu.edu/grhc/order/general/petergoldade.html>.”*

**Come to hear this presentation on**
