August 2007

Volume 13 Issue 2

The Future of This Newsletter

We have determined that this will be the last year we will be able to publish this newsletter in paper form.

As we noted in the last issue of the newsletter, at GRHS, many changes are taking effect and as we go forward in time, it is going to be more and more difficult to bring you the Hoffnungstal Bessarabian Newsletter as we have been publishing.

The GRHS Heritage Review is undergoing a change and it is becoming obvious if it is to exist in the future it will take a team of people working on gathering data for sharing with the GRHS membership.

We will attempt to do our best the rest of this the last year to get you rewarding information.

I would like to make a commitment to those who are not GRHS members to keep

providing paper newsletters to them—but I just cannot see where I will be able to do so. Sorry to all who this effects.

EWZ Efforts

As we well know, we have directed a lot of our energy in attempting to try to gain copies of several of the various families of Hoffnungstal, EWZ 51 series films. And to go through those films and build indexes of the peoples we find there.

Since we have had some good success with this effort with the village of Hoffnungstal Bessarabia—and yielding some significant index data that helps provide a trail to the family data on those forms, we have taken that effort to the next logical step!

We now have started a major project to further expand this into a Bessarabian project, rather than just a Hoffnungstal effort.

In so doing, we have made great head way—so let us share some of the insight of that project here with you.

The GRHS Clearing House

What do you know/have about your old Hoffnungstal families, the history of the village, or anything similar, that you would like to share on the GRHS webpages . . . please think about it and offer it up if you will . . .

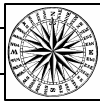

EWZ Indexing Team has so far indexed about 126 of the 800 EWZ 51 series films. Of

Inside This Issue

Various family information from the EWZs—

(Continued from page 1)

those film indexes so far produced by their efforts, we have went through about half of them, and built our own "view" of the indexing by the family within villages of Bessarabia.

This format needed almost no change from what we have been doing with the family index data in this newsletter and what you will find in the later pages here in this issue.

The thing to note is that when we sort the data, we sort it first by the frame, then by the birth year. In so doing, the different generations are more easily seen. And by placing the line between the family group where the frames change, we can visually study a specific set of framed material to see what is reflected for the families of our interest.

It is our plan, to finish processing the rest of the remaining films of the EWZ 51 series that the GRHS Clearing House team has

already processed.

And as new EWZ 51 films are provided to the EWZ Team for indexing, we shall pick those films up and also include them in this effort.

With our efforts so far, by expanding this into a Bessarabian effort, we have been adding great data to our stack labeled "Hoffnungstal".

So far, if you go to the GRHS Bessarabian RIG webpages, and are a GRHS member, you will find the following families of Hoffnungstal, with data listings:

Hoffnungstal Obituaries

As many of you know, **Curt Renz** has been collecting Hoffnungstal obits for many years. He has built a list for us of his holdings and we will start to share that listing with you here. If you need copies of any specific obit, feel free to contact Curt and see if there is something you can work out with him.
