

# GRHS Clearing House

The place to go to find out what is being done.

## General\*

Census  
Parish/District  
Information/Records  
Passenger Lists  
County Records  
etc.  
(\* - projects/efforts/  
things that pertain to  
**MANY** different  
villages, chutors or  
estates)

## Specific\*

Village Information  
Village Records  
Family History  
Family Genealogy  
etc.

(\* - projects/efforts/  
things that pertain to  
**one** village, chutor or  
estate)

## THE CLEARING HOUSE FUNCTION

The primary thought to the clearing house function is think *general*.

The idea is to have a place where folks can come in order to find out if somebody is already working on a *general* project prior to launching a new effort.

We are not interested in keeping track of all the *specific* projects particular villages have in process. On the other hand, if a *specific* project reflects positive methods which may be adaptable to other efforts, we need to share these with other interested parties.

Now let us think about a new era we are now entering. We potentially have many records of various sorts heading our way from the various archives in Russia.

As we gather our forces and energies and begin to sort these records out, let us remember two things.

- (1) If it is a **general** effort we are launching, let us make sure we keep the "clearing house" in mind. For the present time, Dale Wahl is performing this function.
- (2) If we develop a set of methods for doing a **specific** village project, and it should be shared, let us think about submitting it to the Village Research Project Newsletter. The Editor for the newsletter is Dale Lee Wahl (7370 Grevena Ave NE, Bremerton WA 98311).
