Copyright © 2004 - 2024 GRHS

DISCLAIMER: GRHS cannot guarantee that should you purchase a copy of what you would expect to be an obituary from its obituary collection that you will receive an obituary per se. The obituary collection consists of such items as a) personal cards of information shared with GRHS by researchers, b) www.findagrave.com extractions, c) funeral home cards, d) newspaper death notices, and e) obituaries extracted from newspapers and other publications as well as funeral home web sites. Some obituaries are translations of obituaries published in German publications, although generally GRHS has copies of the German versions. These German versions would have to be ordered separately for they are kept in a separate file in the GRHS library.

The list of names and dates contained herein is an alphabetical listing [by surname and given name] of the obituaries held at the Society's headquarters for the letter combination indicated. Each name is followed by the birth date in the first column and death date in the second. Dates may be extrapolated or provided from another source.

Important note about UMLAUTS: Surnames in this index have been entered by our volunteers exactly as they appear in each obituary but the use of characters with umlauts in obits has been found to be inconsistent. For example the surname Büchele may be entered as Buchele or Bahmüller as Bahmueller. This is important because surnames with unmlauted characters are placed in alphabetic order after regular characters so if you are just scrolling down this sorted list you may find the surname you are looking for in an unexpected place (i.e. Büchele, Johann and Buchele, Johanna probably will not be beside each other in this listing). If you cannot find your surname be sure to check it with and without umlauts. Even if you find your surname it's a good idea to check unmlauted variants and phonetic equivalents (i.e. replacing ä with ae , ö with oe or ü with ue) of your surname to make sure you find everyone. Even better, pressing the Ctrl+F key combination in your browser will open a search window for this page and allow you to also find maiden names with umlauts.

To acquire a copy of one of these obituaries from GRHS, [contact the Society at its headquarters](#). The information about this service (including the fee) is given on the Obituary home page <https://www.grhs.org/pages/obits>.
